After conducting a search for the permanent instructional supervisor role, we would like to recommend Mr. Morrel for the position. There were 24 applicants for the position. We conducted screening interviews of 6 candidates and invited three candidates in for panel interviews. Each candidate met with two sub-committees that were comprised of teachers and administrators. The feedback in support of Mr. Morrel was overwhelmingly positive and affirming of the work that he has done in the interim role. Mr. Morrel has established trust and professional working relationships as the foundation for carrying out the goals and vision that he articulated during the interview process. We are excited about Josh in this role and his continued work with our instructional leadership team.
