

Glenbrook High School District #225

BOARD POLICY: GRADE POINT AVERAGE

Section A - Grade Point Average

1. Two grade point averages will be computed for each student. Both grade point averages will be included on transcripts for other academic institutions or agencies, as requested by the student.
2. The all subject grade point average will include all courses for which a letter grade is awarded, irrespective of the area of instruction or level of difficulty. No weighting system will be used, and all courses will be considered of equal rank regardless of the level of instruction (i.e. honors and advanced placement or other courses will also be scored as a four-point scale).
3. The academic grade point average will include only those courses in the areas of English, foreign language, mathematics, science, and social studies for which a letter grade is awarded. While honors courses are usually limited to these five areas, this does not preclude the possible inclusion of honors courses in the other areas. Such courses will be so identified if they meet the criteria established by the superintendent and are approved by the principal/designee and by the teachers' committee to establish criteria for honors courses. Such approval will enable the particular course to be included in the computation of the grade point average described above.
4. Weighting of courses will be included in the method for determining grade point average as described in paragraph #3, above. The following point system, based upon the level of instruction, will be used:

Grade	Honors, Advanced Placement, and Academy	All Other Courses
A	5 points	4 points
B	4 points	3 points
C	3 points	2 points
D	2 points	1 point
F	0 points	0 points

5. Letter grades received from academic institutions outside of ~~other than from the~~ District 225 will be recorded on a student's transcript but will not be counted in the student's grade point average.
6. Beginning in the 2006-2007 school year, all-subject and academic grade point averages will no longer be used to determine a class rank for students. No information indicating a relative class rank using either the all-subject and academic grade point averages will no longer be issued internally or externally to staff, students, parents, other academic institutions or agencies.

**Section B - Glenbrook Scholars**

1. The principal of each school shall designate as Glenbrook academic scholars members of each year's senior class who meet the established academic criteria for Glenbrook Scholars. Appropriate recognition of their achievement will be made. A class valedictorian or salutatorian will not be identified.
