sent via e-mail to foia@glenbrook225.org

Dear Dr. Williamson

This is a request under the U.S. Freedom of Information Act and the Illinois Freedom of Information Act.

I am doing a survey of all Chicago-area school districts and their use of private taxi companies to transport special education students (to and from jobs, schools, home, etc.).

I have surveyed all Chicago-area special education cooperatives, but I understand that – in some cases – cabs are also used and paid for by individual school districts. Therefore, I would like to know if Glenbrook High Schools District 225 uses any cab companies to transport students. If so, please

provide me with the following:

- 1) A list of the name(s) of the cab or taxi companies;
- 2) How much you have paid each such company since January of 2011, and
- 3) A list of the names of all cab drivers who have transported your students since January, 2011.

Please send a copy of the records to me at the address listed here. I would also be happy to accept the records electronically, via my e-mail address at katy.smyser@nbcuni.com. Because these records are in the public interest, I ask that you waive any reproduction fee.

If you deny this request, please tell me on what grounds, and to whom I should appeal. And if you have any questions concerning this request, please don't hesitate to contact me. Thank you so much for your time and consideration in this matter.

Sincerely,

Katy Smyser

Dear Ms. Smyser,

Thank you for writing to Glenbrook High School District 225 with your request for information pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq.

On 12/20/12 you requested the information as follows:

If Glenbrook High Schools District 225 uses private taxi companies to transport special education students (to and from jobs, schools, home, etc.).

Please provide me with the following:

- 1) A list of the name(s) of the cab or taxi companies;
- 2) How much you have paid each such company since January of 2011, and
- 3) A list of the names of all cab drivers who have transported your students since January, 2011.

We have attached the documents that you requested. **It should be noted that the list of Western Taxi Drivers is NOT limited to only those drivers who transported our student. Western does not maintain a list of drivers by school district.** Another e-mail will follow that contains the list of 303 taxi drivers as the total file sizes were too large to send in one email.

Sincerely,

Rosanne Williamson, Ed.D.

Hi Dr. Williamson,

I am not sure who this would go to, but pursuant to Illinois Freedom of Information Act (5 ILCS 140) I would like to request any and all information regarding the snow and ice control contracts over the past 5 years along with total annual payments made to the service provider. I thank you for your assistance.

Thank you,

Dear Mr. Bush,

Thank you for writing to Glenbrook High School District 225 with your request for information pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq.

On 12/31/12 you requested the information as follows:

Any and all information regarding the snow and ice control contracts over the past 5 years along with total annual payments made to the service provider.

We have attached documents responsive to your request.

Notes:

Both high school facilities (GBN & GBS) handle snow and ice control in-house.

SnowSaltPayments - 1) GERKS Enterprises is the snow plowing and salting service used for 1835 Landwehr and 3801 W. Lake buildings. Contract started 2009-2010 school year after the purchase of 3801 W. Lake Ave.

2) Salt purchases through Illinois Joint Purchasing program plus miscellaneous bag salt purchases.

SnowSaltContracts - GERKS contracts, followed by confirmation information of salt contracts through the Illinois Joint Purchasing program.

Sincerely,

Rosanne Williamson, Ed.D.

Dear Joint Purchasing Participant:

Subject: 2012-2013 Rock Salt, Bulk Contract Information

In completing the CY 2012 – 2013 Rock Salt season contract re-procurement, the State of Illinois did not encounter any supply-related issues experienced in previous seasons. We make every effort to secure road salt at the best available price for each participant in our contract re-procurement, and gladly report that all participating locations will have their supply needs met through the State's procurement efforts.

In accordance with your response on "Table B: Complete to have the State RENEW for your governmental entity" from the seasonal participation survey, we have secured your revised REQUISITION QUANTITY with the previous season's contract vendor.

Enclosed is a copy of the requisition you submitted to us for the purchase of rock salt. The information from the requisition, including purchase commitment, can be used to submit your requirements to this year's contract vendor:

Contract: PSD 4017035-01 **Term: August 01, 2012 - July 31, 2013**
North American Salt Company FEIN Number: 48-1047632
9900 West 109-th Street
Overland Park, KS 66210
Phone (800) 323-1641 or (913) 344-9330 Contact Name: Sean Lierz

Contract Line No: _ 34 _ / Renewal Price per ton F.O.B. destination, is \$ 62.04
Emergency pickup of salt at vendor's warehouse is available at base price of \$ 75.00 per ton. Warehouses are open Monday through Friday, 7:00 a.m. to 3:00 p.m. Please contact the vendor during regular business hours for the specific warehouse location in your area.

The additional price per ton to have rock salt delivered in trucks equipped with coal/grain chute openings in the tailgate to permit controlled off-loading of rock salt onto conveyors is \$ 5.50 per ton. Contact vendor for availability in your area and scheduling deliveries.

You are responsible for issuing your own purchase order document to the vendor. Orders may be placed with the vendor via telephone, with a written or fax confirmation to follow immediately. *You are strongly encouraged to order early and to store as much salt as possible in order to help prevent potential salt shortages this winter.* Also, you need to make every effort to place orders in full truckload lots (22-25 tons) or multiples of such.

Your governmental unit is responsible for ensuring that the 80 or 100 percent minimum guaranteed purchase commitment (as noted on your Requisition) is met before the end of the winter season, June 30, 2013. The vendor is required to furnish not less than 120 percent (if needed) of the contract quantity by March 1, 2013. Your governmental unit is responsible for processing vendor invoices in a timely manner.

Delivery shall be made as soon as possible after vendor receipt of order by phone or mail. The maximum time from receipt of order to the actual delivery for orders placed between December 1, 2012 through April 1, 2013 shall not exceed seven working days, unless as modified in the Order Guidelines herein..

For orders placed between December 1, 2012 and April 1, 2013, if a vendor is unable to make delivery within the order timeline, local governmental units shall have the right to retain \$.20 per ton per working-day as liquidated damages on the undelivered portion of the order. For orders placed prior to 9:00 a.m. on a given day, that day to be considered as the first calendar day of the seven-day delivery period. For an order placed after 9:00 a.m. on a given day, the following day shall be considered as the first calendar day of the seven day delivery period.

CMS reserves the right to mitigate application of liquidated damages imposed against a vendor, in the event of orders exceeding the maximum percentages outlined below:

An agency may order up to 20.% of their awarded contract tonnage in any given week and vendor shall deliver within 7 working-days after receipt of order. Quantity ordered above the 20.% threshold shall have an extended deliver time of one-working-day for each one-percentage-point above the 20.% guideline. For example, if an agency orders 25.% of their awarded total 100 ton, delivery of the first 20 ton (20.%) shall be within 7 working-days after receipt of order, the remaining 5 ton should be delivered within 12 working-days after receipt of order.

If after seven working-days of liquidated damages assessment, the vendor has still failed to deliver, local governmental unit shall have the right to terminate an order and purchase road salt or abrasives from another source, or take action consistent with public safety as needed to continue daily business. Any and all additional costs incurred may be collected from the original vendor, in addition to liquidated damages, by participant's legal action.

All deliveries shall be covered with approved weatherproof materials. The vendor shall ensure that delivery person inspects the inside of the trailer and that all salt is removed from the trailer before leaving a delivery point. The vendor will ensure all weights and measures shown on delivery tickets are correct. Local governmental units reserve the right to require that delivery trucks occasionally be directed to a scale in the vicinity of the delivery point as a check on delivered truckloads.

Deliveries of rock salt containing any foreign material such as mud, rocks, grader teeth, wood, tarpaulins, etc., may be rejected at the delivery site. In the event that any foreign material is discovered in dumped deliveries, the salt and foreign matter may be reloaded onto the cartage hauler's truck by the local governmental unit and returned for credit, or the vendor shall immediately ship a specification compliant load of replacement salt, or issue a refund to the governmental unit consistent with the contract price.

In December 2012, the contract vendor shall have in place stockpile(s) located in or near Illinois covering the tonnage awarded for the northern regions of the State, and in January of 2013 the contract vendor shall have in place stockpile(s) in or near to Illinois covering the total tonnage awarded for all regions of the State. At our discretion, we will inspect the stockpiles to ensure that these stockpiles are in sufficient quantities, and that vendor commitments to the stockpiles are with the users of this contract.

Enhanced rock salt 2012 - 2013 season availability from North American Salt Company:

The enhanced salt product features additional pre-treatment of approved road salt with a product providing enhanced melting performance, with reduced corrosion and clumping.

The Department of Central Management Services requested pricing for an enhanced rock salt option in the invitation for bid, and received an offering from North American Salt. Their prices are made available to any joint purchasing participant awarded in the North American Salt Rock Salt Contract as an up-charge per ton option and are to be added to your order as a separate line item. Locations interested in ordering this enhanced salt option must call the vendor to facilitate ordering arrangements.

It is hoped that this information will be beneficial to you in the utilization of this contract. If you have any further questions concerning the rock salt contract, please feel free to contact me at (217) 782-8091.

Sincerely,

For orders placed between December 1, 2011 and April 1, 2012, if a vendor is unable to make delivery within the order timeline, local governmental units shall have the right to retain \$.20 per ton per working-day as liquidated damages on the undelivered portion of the order. For orders placed prior to 9:00 a.m. on a given day, that day to be considered as the first calendar day of the seven-day delivery period. For an order placed after 9:00 a.m. on a given day, the following day shall be considered as the first calendar day of the seven day delivery period.

CMS reserves the right to mitigate application of liquidated damages imposed against a vendor, in the event of orders exceeding the maximum percentages outlined below:

An agency may order up to 20.% of their awarded contract tonnage in any given week and vendor shall deliver within 7 working-days after receipt of order. Quantity ordered above the 20.% threshold shall have an extended deliver time of one-working-day for each one-percentage-point above the 20.% guideline. For example, if an agency orders 25.% of their awarded total 100 ton, delivery of the first 20 ton (20.%) shall be within 7 working-days after receipt of order, the remaining 5 ton should be delivered within 12 working-days after receipt of order.

If after seven working-days of liquidated damages assessment, the vendor has still failed to deliver, local governmental unit shall have the right to terminate an order and purchase road salt or abrasives from another source, or take action consistent with public safety as needed to continue daily business. Any and all additional costs incurred may be collected from the original vendor, in addition to liquidated damages, by participant's legal action.

All deliveries shall be covered with approved weatherproof materials. The vendor shall ensure that delivery person inspects the inside of the trailer and that all salt is removed from the trailer before leaving a delivery point. The vendor will ensure all weights and measures shown on delivery tickets are correct. Local governmental units reserve the right to require that delivery trucks occasionally be directed to a scale in the vicinity of the delivery point as a check on delivered truckloads.

Deliveries of rock salt containing any foreign material such as mud, rocks, grader teeth, wood, tarpaulins, etc., may be rejected at the delivery site. In the event that any foreign material is discovered in dumped deliveries, the salt and foreign matter may be reloaded onto the cartage hauler's truck by the local governmental unit and returned for credit, or the vendor shall immediately ship a specification compliant load of replacement salt, or issue a refund to the governmental unit consistent with the contract price.

In December 2011, the contract vendor shall have in place stockpile(s) located in or near Illinois covering the tonnage awarded for the northern regions of the State, and in January of 2012 the contract vendor shall have in place stockpile(s) in or near to Illinois covering the total tonnage awarded for all regions of the State. At our discretion, we will inspect the stockpiles to ensure that these stockpiles are in sufficient quantities, and that vendor commitments to the stockpiles are with the users of this contract.

Enhanced rock salt 2011 - 2012 season availability from North American Salt Company:

The Department of Central Management Services requested pricing for an enhanced rock salt option in the invitation for bid, and received an offering from North American Salt. Their prices are made available to any joint purchasing participant awarded in the North American Salt Rock Salt Contract as an up-charge per ton option and are to be added to your order as a separate line item. Locations interested in ordering this enhanced salt option must call the vendor to facilitate ordering arrangements.

Dear Joint Purchasing Participant:

Subject: 2011-2012 Rock Salt, Bulk Contract Information

In completing the 2011 – 2012 Rock Salt season contract re-procurement, the State of Illinois did not encounter the types of supply-related issues experienced in previous seasons. We made every effort to secure Road Salt at the best available price for participants in our contract re-procurement, and gladly report that all locations across the State were able to have their supply needs met through the State's procurement efforts.

We again recommend that participating agencies and governmental entities examine their application rates and roadway priorities in order to minimize next season's maintenance program cost while also ensuring the safety of the public.

Enclosed is a copy of the requisition you submitted to us for the purchase of rock salt. The information from the requisition, including purchase commitment, can be used to submit your requirements to this year's contract vendor:

Your unit is **Contract Line No: 33 / Price per ton F.O.B. destination, is \$ 60.77**
Emergency pickup of salt at vendor's warehouse is available at base price of \$ 75.00 per ton. Warehouses are open Monday through Friday, 7:00 a.m. to 3:00 p.m. Please contact the vendor during regular business hours for the specific warehouse location in your area.

The additional price per ton to have rock salt delivered in trucks equipped with coal/grain chute openings in the tailgate to permit controlled off-loading of rock salt onto conveyors is \$ 5.50 per ton. Contact vendor for availability in your area and scheduling deliveries.

You are responsible for issuing your own purchase order document to the vendor. Orders may be placed with the vendor via telephone, with a written or fax confirmation to follow immediately. ***You are strongly encouraged to order early and to store as much salt as possible in order to help prevent potential salt shortages this winter.*** Also, you need to make every effort to place orders in full truckload lots (22-25 tons) or multiples of such.

Your governmental unit is responsible for ensuring that the 80 or 100 percent minimum guaranteed purchase commitment (as noted on your Requisition) is met before the end of the winter season, June 30, 2012. The vendor is required to furnish not less than 120 percent (if needed) of the contract quantity by March 1, 2012. Your governmental unit is responsible for processing vendor invoices in a timely manner.

Delivery shall be made as soon as possible after vendor receipt of order by phone or mail. The maximum time from receipt of order to the actual delivery for orders placed between December 1, 2011 through April 1, 2012 shall not exceed seven working days, unless as modified in the Order Guidelines herein..

For orders placed between December 1, 2011 and April 1, 2012, if a vendor is unable to make delivery within the order timeline, local governmental units shall have the right to retain \$.20 per ton per working-day as liquidated damages on the undelivered portion of the order. At our discretion, we will inspect the stockpiles to ensure that these stockpiles are in sufficient quantities, and that vendor commitments to the stockpiles are with the users of this contract.

The contract pricing shall remain firm for the entire contract period, for up to the 120-% guaranteed limit, unless otherwise changed by mutual agreement. The contract price for purchases made in excess of the 120-% guaranteed limit is subject to increase if vendor's costs for providing rock salt increase by more than 5-%. Contract vendor must submit to CMS documentation justifying the increase for acceptance prior to implementation.

Unless an emergency exists, those local governmental units under their 120-% purchase threshold shall receive salt deliveries prior to those local governmental units over their 120-% purchase threshold. In the case of an emergency, effort will be made to have the vendor ship enough salt to aid affected local governmental units through the emergency.

The Department of Central Management Services requested pricing for an enhanced rock salt option in the invitation for bid, and received an offering from this bidding vendor. Their prices are made available to any joint purchasing participant awarded in Central's Rock Salt Contract as an up-charge per ton option and are to be added to your order as a separate line item. Your governmental unit is responsible for processing vendor invoices in a timely manner.

Delivery shall be made as soon as possible after vendor receipt of order by phone or mail. The maximum time from receipt of order to the actual delivery for orders placed between December 1, 2010 through April 1, 2011 shall not exceed seven working days, unless as modified in the Order Guidelines herein..

For orders placed between December 1, 2010 and April 1, 2011, if a vendor is unable to make delivery within the order timeline, local governmental units shall have the right to retain \$.20 per ton per working-day as liquidated damages on the undelivered portion of the order. For orders placed prior to 9:00 a.m. on a given day, that day to be considered as the first calendar day of the seven-day delivery period. For an order placed after 9:00 a.m. on a given day, the following day shall be considered as the first calendar day of the seven day delivery period.

CMS reserves the right to mitigate application of liquidated damages imposed against a vendor, in the event of orders exceeding the maximum percentages outlined below:

An agency may order up to 20-% of their awarded contract tonnage in any given week and vendor shall deliver within 7 working-days after receipt of order. Quantity ordered above the 20-% threshold shall have an extended deliver time of one-working-day for each one-percentage-point above the 20-% guideline. For example, if an agency orders 25-% of their awarded total 100 ton, delivery of the first 20 ton (20-%) shall be within 7 working-days after receipt of order, the remaining 5 ton should be delivered within 12 working-days after receipt of order.

If after seven working-days of liquidated damages assessment, the vendor has still failed to deliver, local governmental unit shall have the right to terminate an order and purchase road salt or abrasives from another source, or take action consistent with public safety as needed to continue daily business. Any and all additional costs incurred may be collected from the original vendor, in addition to liquidated damages, by participant's legal action.

All deliveries shall be covered with approved weatherproof materials. The vendor shall ensure that delivery person inspects the inside of the trailer and that all salt is removed from the trailer before leaving a delivery point. The vendor will ensure all weights and measures shown on delivery tickets are correct. Local governmental units reserve the right to require that delivery trucks occasionally be directed to a scale in the vicinity of the delivery point as a check on delivered truckloads.

Deliveries of rock salt containing any foreign material such as mud, rocks, grader teeth, wood, tarpaulins, etc., may be rejected at the delivery site. In the event that any foreign material is discovered in dumped deliveries, the salt and foreign matter may be reloaded onto the cartage hauler's truck by the local governmental unit and returned for credit, or the vendor shall immediately ship a specification compliant load of replacement salt, or issue a refund to the governmental unit consistent with the contract price.

In December 2010, the contract vendor shall have in place stockpile(s) located in or near Illinois covering the tonnage awarded for the northern regions of the State, and in January of 2011 the contract vendor shall have in place stockpile(s) in or near to Illinois covering the total tonnage awarded for all regions of the State. At our discretion, we will inspect the stockpiles to ensure that these stockpiles are in sufficient quantities, and that vendor commitments to the stockpiles are with the users of this contract.

The contract pricing shall remain firm for the entire contract period, for up to the 120-% guaranteed limit, unless otherwise changed by mutual agreement. The contract price for purchases made in excess of the 120-% guaranteed limit is subject to increase if vendor's costs for providing rock salt increase by more than 5-%. Contract vendor must submit to CMS documentation justifying the increase for acceptance prior to implementation.

Unless an emergency exists, those local governmental units under their 120-% purchase threshold shall receive salt deliveries prior to those local governmental units over their 120-% purchase threshold. In the case of an emergency, effort will be made to have the vendor ship enough salt to aid affected local governmental units through the emergency.

The Department of Central Management Services requested pricing for an enhanced rock salt option in the invitation for bid, and Enhanced Rock Salt 2010 – 2011 availability was not provided for by this vendor in this season's procurement process.

You are under contractual percentage purchase obligation to contracted tonnage of rock salt from the vendor awarded your location. Purchase of an enhanced rock salt will not lessen this agreement, and would be in addition to your required purchase tonnage.

It is hoped that this information will be beneficial to you in the utilization of this contract. If you have any further questions concerning the rock salt contract, please feel free to contact me at (217) 782-8091.

CONFIDENTIAL MEMORANDUM

TO: Bid Participants in the 2009-2010 Rock Salt Procurement
 FROM: Roger Nondorf, Portfolio Manager, Commodities & Equipment
 DATE: April 6, 2009
 SUBJECT: ACTION REQUIRED! - Vendor Renewal Option Available to Included Communities

We wanted to advise you that we are in receipt of your requirements for the 2009-2010 rock salt procurement, and that we have an actionable renewal option requiring your decision. A vendor under contract for your location has agreed and offered a renewal option in accordance with the terms of our contract. The price is specific to each community, and is in accordance with our contract. The renewal price for all communities receiving this memo will be equal to or reduced from last year's pricing.

Your renewal price for 2009-2010 season is: at or below \$ 80 a ton for ATSM Compliant Road Salt. By renewing, quantities would be adjusted to the quantity you recently supplied in the survey process for the coming season. We will only execute this renewal with your acceptance. CMS cannot predict the prices that a competitive solicitation will yield, and requires your input on how you wish for us to proceed on your behalf.

Please indicate your preference below, and return to the Illinois Department of Central Management Services no later than 3:00 p.m. on Thursday April 9th. If you do not respond, a renewal will not be completed for your location, but your community would be included in the upcoming solicitation.

Thank you for your participation in the State's joint purchasing effort for rock salt for the 2009-2010 season.

Please check one:

- YES, we would like to renew with this vendor.
 NO, we do not wish to renew with this vendor.
 Please bid rock salt for our community.

Dear Joint Purchasing Participant:

Subject: 2009-2010 Rock Salt, Bulk Contract Information

In completing the 2009 – 2010 Rock Salt season contract re-procurement, the State of Illinois did not encounter the types of supply-related issues experienced in the 2008 – 2009 season. We have made every effort to secure Road Salt at the best available price for participants in our contract re-procurement, and can gladly report that all locations across the State were able to have their supply needs met through the State's procurement efforts.

We do recommend that participating agencies and governmental entities examine their application rates and roadway priorities in order to minimize next season's cost while also ensuring the safety of the public.

Enclosed is a copy of the requisition you submitted to us for the purchase of rock salt. The information from the requisition can be used to submit your requirements to this year's contract renewal vendor:

Contract: **PSD 4015389-02**
Morton International Inc.,
Morton Salt Division
123 N. Wacker Drive
Chicago, IL 60606
Order Phone (888) 800-8905

Revised Term: July 2009 - April 2010
FEIN Number: 36-4140798

Product to be provided in renewal term is AASHTO Specification compliant Rock Salt.

The contract **renewal price** per ton, F.O.B. destination, is **\$ 74.00** Emergency pickup of salt option at vendor's warehouse is not being made available under this season's contract.

The additional price per ton to have rock salt delivered in trucks equipped with coal/grain option at vendor's warehouse is not being made available under this season's contract.

You are responsible for issuing your own purchase order document to the vendor. Orders may be placed with the vendor via telephone, with a written or fax confirmation to follow immediately. *You are strongly encouraged to order early and to store as much salt as possible in order to help prevent potential salt shortages this winter.* Also, you need to make every effort to place orders in full truckload lots (22-25 tons).

Your governmental unit is responsible for ensuring that the 80% guaranteed purchase requirement is met before **contract ending of April 30, 2010**. Vendor is required to furnish not less than 120% (if required) of the requisitioned need by March 1, 2010. Your governmental unit is responsible for processing of vendor invoices in a timely manner.

Delivery shall be made as soon as possible after vendor receipt of order by phone or mail. The maximum time from receipt of order to the actual delivery for orders placed between December 1, 2009 through April 1, 2010 shall not exceed seven working days, unless as modified in the Order Guidelines herein..

For orders placed between December 1, 2009 and April 1, 2010, if a vendor is unable to make delivery within the order timeline, local governmental units shall have the right to retain \$.20 per ton per calendar day as liquidated damages on the undelivered portion of the order. For an order placed prior to 9:00 a.m. on a given day, that day would be considered as the first calendar day of the seven-day delivery period. For order placed after 9:00 a.m. on a given day, the following day would be considered the first calendar day of the seven day delivery period.

CMS reserves the right to mitigate application of liquidated damages imposed against vendor, in the event of orders exceeding the maximum percentages outlined below:

An agency may order up to 20-% of their awarded contract tonnage in any given week and vendor shall deliver within 7 working days after receipt of order. Quantity ordered above the 20-% threshold shall have an extended deliver time of one-calendar-day for each one-percentage-point above the 20-% guideline. For example, if an agency orders 25-% of their awarded total 100 ton, delivery of the first 20 ton (20-%) shall be within 7 working days after receipt of order, the remaining 5 ton shall be delivered within 12 working days after receipt of order.

If after seven calendar days of liquidated damages assessment, the vendor has still failed to deliver, local governmental units shall have the right to terminate the order and purchase salt or abrasives from another source or take action consistent with public safety as needed to continue daily business. Any and all additional costs may be collected from the original vendor, in addition to any liquidated damages.

All deliveries shall be covered with approved weatherproof materials. The vendor will ensure that the delivery person inspects the inside of the trailer and that all salt is removed from the trailer before leaving a delivery point. The vendor will ensure all weights and measures shown on delivery tickets are correct. Local governmental units reserve the right to require that delivery trucks occasionally be directed to a scale in the vicinity of the delivery point as a check on delivered truckloads.

Deliveries of rock salt containing any foreign material such as mud, rocks, grader teeth, wood, tarpaulins, etc., may be rejected at the delivery site. In the event that any foreign material is discovered in dumped deliveries, the salt and foreign matter may be reloaded onto the cartage hauler's truck by the local governmental unit and returned for credit, or the vendor shall immediately ship a specification compliant load of replacement salt, or issue a refund to the governmental unit consistent with the contract price.

In December 2009 the contract vendor shall have in place stockpile(s) located in or near Illinois covering 100% of the tonnage awarded for the northern regions of the State, and in January of 2010 the contract vendor shall have in place stockpile(s) located in or near Illinois covering 100% of the total tonnage awarded for all regions of the State. At our discretion, we will inspect the stockpiles to ensure that these stockpiles are in sufficient quantities, and that the commitments to the stockpiles are with the users of this contract.

The contract price shall remain firm for the entire contract period for up to the 120 % guaranteed limit, unless otherwise changed by mutual agreement. The contract price for purchases made in excess of the 120% guaranteed limit is subject to increase if vendor's costs for providing rock salt increase by more than 5%. The contract vendor must submit to CMS documentation justifying the increase for acceptance for implementation.

Unless an emergency exists, those local governmental units under the 120% purchase threshold will receive salt deliveries prior to those local governmental units over the 120% purchase threshold. In the case of an emergency, efforts will be made to have the vendor ship enough salt to aid affected local governmental units through the emergency.

The Department of Central Management Services requested pricing for an enhanced rock salt option in the invitation for bid and an Enhanced Rock Salt 2009 – 2010 availability is not provided for in this season's procurement process by this vendor.

You are under contractual obligation to purchase 100% of the requested tonnage of rock salt from the vendor awarded your location. Purchase of an enhanced rock salt will not lessen this agreement, and would be in addition to your required purchase tonnage.

It is hoped that this information will be beneficial to you in the utilization of this contract. If you have any further questions concerning the rock salt contract, please feel free to contact me at (217) 782-8091.
