Re: GBS Team Room Donation

Date: July 20, 2011

We had an anonymous donor who specifically asked to fund a team room and storage area for the John R. Davis Stadium. The team room will be used at half time for games being played at the stadium and for track meets. We also plan to use the room for practices.

I have included Steve Rockrohr and several coaches on the design of the building that will be located on the northwest corner of the stadium. We have looked at Evanston and Cary Grove High Schools' team rooms for ideas.

We are working with Al Schwall from Schwall Builders on the design and construction of the building. Schwall Builders are currently working at GBN on their baseball dugouts. Thank you for putting us in touch with Schwall Builders for they have been wonderful to work with. The donor would like us to expedite the construction so it can be used during the fall sports season. We will share drawings and expected costs as soon as we have finalized them.
