RE: PRELIMINARY REVIEW FOR TEXTBOOK CHANGES

DATE: April 2, 2014

Attached you will find the list of textbook changes recommended for next year for Glenbrook North, Glenbrook South, and Glenbrook Academy of International Studies.

Textbook Adoption Process and Timeline

Requests have been reviewed by the teachers involved, the instructional supervisors and the associate principals. All attached requests are recommended for approval. Copies of the proposed textbooks will be available at the April 8 board meeting for review. Kris Frandson, associate principal at Glenbrook North, and Cameron Muir, associate principal at Glenbrook South, will be at the meeting to assist in addressing questions as will instructional supervisors. Academy textbook proposals are contained within the GBS report as the GBS bookstore orders Academy textbooks.

While this compilation contains the majority of textbook changes, we may bring to the board a limited number of texts in mid-summer as a result of summer curriculum projects.

I recommend that the attached list be presented for the board's preliminary review at its meeting of April 8, 2014. **It is my intention to resubmit this item on the consent agenda for board approval at the regular board meeting of April 28, 2014.**

Digital Resources Update

With 1:1 Chromebook implementation, there has been further exploration of digital resources (e-books, create your own, digital/print combinations, etc. . .). Several proposed new digital textbooks and resources are listed in the attached summary and detail report. We expect this number to increase in subsequent years. In some cases, curriculum teams of teachers developed and/or accessed the wealth of free digital resources available through the Internet. Many digital resources contain enhancements such as links, simulations or access to information that go beyond what is available in print versions of textbooks. Cost-savings associated with digital resources are substantial. There is no buy-back for digital versions of textbooks; however, the greatly reduced price far exceeds what parents would receive in buy-back of print textbooks.

Re: Textbook Adoptions for 2014-15

Attached you will find one document that summarizes the request for textbook adoptions for the 2014-15 school year: *Textbook Change Summary 2014-2015*.

The GBN curriculum has continued to evolve through the curriculum review process, the availability of digital resources, changes in AP curricular programs, career certification options and building goals to support literacy skills. In light of these initiatives, come requests for changes in a few textbooks in business (1), family and consumer science (1), music (1) science (1), social studies (5) and world languages (1). The remaining textbook proposal in family consumer science (1) is due to the text being out of print from the publisher.

Textbook Change Summary 2014-15

Course	Drop	Years in Use	Add	Overall difference for cost of all materials/books in course	Rationale
Business					
Consumer Education Honors			A	Increased cost of \$13.60	This supplemental reading will enhance the units of study in the honors level course. Currently class resources are teacher created and there is no formal textbook.
Family Cons. Science					
Fashion Construction Studio 161	D	5	A	Increased cost of \$10.00	Current board approved edition is out of print and difficult to acquire in adequate numbers.
Intro to Human Growth and Development			A	Increased cost of \$16.75	The course materials for this class are teacher created and there is no formal textbook. This text mirrors the course objectives and allows students to earn the Gateway to Opportunity Credential – Level 1 Early Care and Education (ECE) certification.
Music					
Class Guitar	D	2	A	Savings of \$1.65	This text is better aligned to the objectives and goals of the course and is better suited to the beginning level guitarist. This is the first music course for many of the students in this class and this text will better meet their needs.
Science					
Forensics 161	D	4	A	Savings of \$78.10	The two virtual lab supplements, along with online and teacher created resources will replace the current text that has been in use for 4 years. Teachers will explore the development of teacher created digital textbook.
Social Studies					
US History AP 183	D	5	A	Savings of \$85.45	This text is aligned with the 2014-15 College Board revisions to the AP U.S. History course. It provides enhanced support for historical thinking skills and test preparation. The current text is no longer appropriate since the course content has changed. This will be a digital textbook.
Comp. Global Cultures Hon. 171			A	Increased cost of \$27.20	Course resources are teacher created and there is no formal textbook for the course. These two autobiographies, <i>Kaffir Boy</i> and <i>The Little School: Tales of Disappearance and Survival</i> will greatly enhance student understanding within the units of study on Apartheid and political prisoners.
International Relations 161	D	5		Savings of \$40.70	This book is no longer needed and other materials are used to meet the course goals and objectives.
Urban Studies 161			A	Increased cost of \$16.00	The novel, <i>Devil in the White City</i> will be a strong addition to the Urban Studies curriculum focusing on the 1893 World's Columbian Exposition and its impact on Chicago.
European History AP 183	D	11	A	Savings of \$74.70	This proposed text is superior in its incorporation of primary documentation, comprehensive focus on the development of political and economic history and test preparation materials. This will be a digital textbook.
World Languages					
Hebrew 163, 263 and 273	D	4		Savings of \$47.50	This text is no longer meets the needs of students in the 1 st and 2 nd level classes. Online and teacher developed materials are the primary resources for these classes. Upper level courses will continue to use the text so students can sell the books back to the book store.

Re: Textbook Adoptions for 2014 -2015

Attached you will find one document that summarizes the request for textbook adoptions: *Textbook Change Summary 2014-2015*.

The curriculum at GBS continues to evolve through the Educational Planning Process, the AP Audit, articulation with sender districts, research in best practices, and the ever changing needs of our at-risk students. In 2011, GBS began a new school improvement cycle with the adoption of its revised organizational goals. The focus of the GBS faculty on curricular alignment, backward design, and instructional strategies has led course teams in their professional conversations related to best practices in those areas. Some of the choices for new texts are an outcome of the continued work of these course teams as they reflect on appropriate, relevant and engaging material for students.

Along with these curricular changes, come requests for changes in a number of textbooks in Academy English (1), ELL (7), English (9), mathematics (2), science (6), special education (6), and world language (22). Some course teams have chosen to use instructional texts or materials that are available online in health (1), mathematics (3), science (3), and world language (3). The remainder of textbooks proposed for adoption are due to publisher changes and availability of textbooks in English (1), science (1), social studies (3), and world languages (1).
