Re: Students and Staff Who Excel

Date: February 23, 2009

Both Glenbrook North and Glenbrook South theatre students attended the annual Theatre Fest at the University of Illinois in Champaign, an annual fest that brings together some of the best students in the state who are interested in theatre, on and off stage. Competitions, performances and workshops are offered and provide a unique opportunity for students to deepen their knowledge about theatre. A GBN team, under the direction of Joel Monaghan, competed in Tech Olympics, and the GBS Improv Group, under the direction of Beth Barber, was selected to perform at the Fest.
