Re: Students/Staff Who Excel

Date: June 8, 2009

We will recognize two Glenbrook South Golden Apple Scholarship winners, Martha Haro-Cornejo and Marisol Del Rio and their counselors Socorro Rogers and Karen Klebba. Golden Apple Scholarships are awarded to graduating seniors who have the potential to be excellent teachers and agree to teach for five years in an Illinois school of need. The total financial assistance package is \$18,000.

But the story started long before the students received the scholarships. It started with a support system that includes the Latino Leadership Program, HOLA Club, Junior Ganas, Senior Ganas and counselors and other staff who opened the door to these girls showing them the opportunities that are available.
